MAYA RIVERA

Sample resume for the Beacon demo | maya.rivera@example.edu | linkedin.com/in/maya-rivera-demo

EDUCATION

B.S. Statistics, Minor in Economics - University of Illinois Urbana-Champaign, 2027

EXPERIENCE

Data Analytics Intern - Midwest Health Partners (Summer 2026)

- Wrote SQL queries (joins, window functions) in PostgreSQL to analyze 2M patient visits.

- Built Tableau dashboards that the operations team used to cut wait times by 12%.

- Automated a weekly report in Python with pandas, saving the team 4 hours a week.

- Presented findings to stakeholders and wrote the data dictionary for the new schema.

Research Assistant - Department of Economics (2025 - present)

- Cleaned survey data and analyzed responses with Python and statistics packages.

- Used Git and GitHub to version the research code shared with two professors.

PROJECTS

Spotify Listening Analytics - analyzed 3 years of personal streaming data with SQL and Python;

published dashboards and a short write-up on product sense for playlist features.

SKILLS

SQL, PostgreSQL, Python (pandas), Tableau, Excel, Git, statistics, data visualization, presentations
